400m ² - Plus	\$2.00 per m ²

TURF SLAB SIZES

Daleys Turf harvest turf using the slab method as we find this is easier to handle for the customer, they are lighter, cleaner because less soil falls on to the grass surface and easily wheel barrowed on site.

Each slab is	1250mm long x 400mm wide	Which equals exactly 0.5 square metre
The thickness is	40mm for 'Sir Walter' 25mm for all couches	
Pallet size is	40m ² for 'Sir Walter' 50m ² for all couches	Which will fit on 6 x 4 trailer
Weight of turf	'Sir Walter' 920 kg per pallet 'Sir Walter' 11 kg per slab All Couches 850 kg per pallet All Couches 8 kg per slab	

Note: These are only estimates and can vary according to moisture levels.

DELIVERY METHOD

Our delivery vehicles are equipped with all terrain forklifts attached with a palletless delivery system which allows you to have your site free of unnecessary pallets. Once you have experienced this system you won't have your turf delivered any other way, the turf can be placed on the back of vehicles, on retaining walls, driveways or even on existing grass areas with little or no damage done, all helps to make your job easier.
